Subject: RE: SUIT Water Quality Data re: Gold King Release

Hi All,

We have set up an ftp site to share SUIT several data sets. In addition to what I sent out yesterday ,historical WQ data for the Animas from 2011-Current including a map to identify sample locations is now available. The site only contains water quality data. Historical macroinvertebrate and periphyton data are available upon request.

Subject: SUIT Water Quality Data re: Gold King Release

All,

Southern Ute Indian Tribe has prepared some initial data to assist in the Gold King Release effort.

I've attached a number of data files and documents to this email.

- SUIT Gold King Release Monitoring Stations and Analytes- word doc of release SUIT response monitoring
- SUIT Continuous Data 07012015 to 08102015 xlx 30 min increment DO, pH, temp and conductivity from three locations within the reservation.
- 1508098 DRAFT EXCEL 11 Aug 15 1621 & 1508098 DRAFT 081115 1621 Lab data from Green Analytical for 8/8/2015: xls and pdf. This is the only analytical data I have back at this point. I will share more when received.

SUIT is prepared to share historical data and will send a link to an ftp site. The file is too large to email.

Thanks for everyone's help for the Animas.

Please contact me with any questions.

Curtis
